

# DRIVHUSET - EASJ INNOLAB

- an invitation for students with a good idea

**Drivhuset (which is the Danish word for greenhouse) is a new entrepreneurial environment located at ZIBAT Campus Roskilde - an offer for students who see themselves as potential entrepreneurs.**

**DRIVHUSET** provides office space for students who wish to develop their own ideas and projects and offers coaching through experienced educators and professional business people. The environment is primarily aimed at present and previous ZIBAT-students, as well as students from other schools.

**The purpose of DRIVHUSET** is to create a professional and creative environment for students who want to find their "inner entrepreneur". If you get associated to **DRIVHUSET** you get access to a network of students, professional coaching, workshops, and activities related to innovation and entrepreneurship. The purpose of your stay is to qualify your idea, or your project, aimed at growing a commercial business.

**The seats at DRIVHUSET can be applied for by students** who have an idea, or are working on a project, or maybe you have already started your own business and wish to develop it further? You will get access to a working station for a period of 3-6 months, where you can get help to develop your idea or project.

**Where and when?** The new facility opens **Monday November 18, 2013** in building 1, Bakkesvinget 67. The office place will be equipped with a limited number of working stations and will have access to printer, wifi, coffee machine and water dispenser, and a meeting room. Both rooms can be used by students associated to **DRIVHUSET**.

**DRIVHUSET will be run by ZIBAT Campus Roskilde**, and it will be a group of teachers who will take care of mentoring, who will handle student proposals, and who will run the place on a daily basis.

**Join us from the beginning.** If you wish to apply for a seat, send us a mail where you describe your idea or project, **before October 28**. You can contact on of the following teachers:

Jacob Aabroe [jaaa@easj.dk](mailto:jaaa@easj.dk)  
Poul Henriksen [pohe@easj.dk](mailto:pohe@easj.dk)  
Tomas Olofsson [tool@easj.dk](mailto:tool@easj.dk)

**You can also visit our Facebook page at** [www.facebook.com/easjdrivhuset](http://www.facebook.com/easjdrivhuset)

**We are looking forward hearing from you! Greetings from** Jacob, Tomas, Jannie, Jacob, Poul og Katharina

**DRIVHUSET - EASJ INNOLAB**  
*The place to grow and nourish new ideas*
